

1. School Character and Circumstances

This small primary school is located in North Devon. This is a very rural setting. Few pupils are from minority ethnic groups and the proportion of pupils with specific learning difficulties and disabilities is below average.

It is therefore important that a school such as ours ensures that we take a proactive and sensitive approach to the promotion of race equality.

2. Policy Statement and Aims

This policy sets out our commitment to tackle racial discrimination whether direct or indirect, individual or institutional and promoting equality of opportunity and good race relations across all areas of school activities, including our dealing with parents and the community.

At Woolsery Primary School we will continuously strive to ensure that everyone in our school is treated with respect and dignity. Each person in our school will be given fair and equal opportunities to develop their full potential with positive regard to gender, ethnicity, cultural and religious background, age, sexuality or disability.

We are committed to promoting good race relations between persons of different racial groups and avoiding racial discrimination, whether direct or indirect. The school will actively promote race equality, oppose racism in all its forms and foster positive attitudes, respect, equality and partnerships as we work with pupils, parents and the wider community.

We will achieve these by:

- Preparing pupils for life in a diverse society and world.
- Respecting and valuing linguistic, cultural and religious diversity in the (wider) community.
- Develop pupils' sense of personal and cultural identity which is confident and open to change and receptive and respectful towards other identities.
- Ensuring that an inclusive ethos is established and maintained
- Acknowledging the existence of racism and being proactive in tackling and eliminating racial discrimination.
- Making the school a place where everyone, irrespective of their race, colour, ethnic or national origin or their citizenship, feels welcome and valued
- Ensuring that issues related to racism and racial equality are recognised across all areas of school activity

- Ensuring that racial equality is an integral part of all planning and decision making within the school.

3.Roles and Responsibilities

Promoting race equality and raising the achievement of minority ethnic pupils is the responsibility of the whole school staff, including support staff and governors.

Curriculum and other subject leaders should refer to this policy in their personal action plans and priorities for action areas that come under their responsibilities in this and future years.

The race equality action plan will be integrated into the school development/improvement plan. The Governors will monitor and evaluate this action plan annually.

4.Monitoring and Assessment Policy Impact

In relation to the monitoring and assessment arrangements already in place, the School is setting in place procedures to ensure that additional monitoring is undertaken as necessary to ensure that the School is able to identify possible improvements in its practices.

Through supervision of staff, consultation with parents and the local community, the school will assess the impact of its race equality policy and other policies on pupils, staff and parents from different ethnic groups. The school will also assess whether the policies have, or could have, an adverse impact on the attainment levels of pupils from different racial groups. The school will assess the effectiveness of its other policies through the existing arrangements for developing and reviewing school policies.

Results of reviews, monitoring and assessments will be made available to parents and the community through newsletters and the annual report to parents.

The monitoring and assessment results will be published yearly. Results will be made available to the LA
