

Number: Multiplication and Division

| MULTIPLICATION & DIVISION FACTS | | | | | | |
|---------------------------------|---|---|---|--|--|--|
| EYFS | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| | count in multiples of twos, fives and tens (copied from Number and Place Value) | count in steps of 2, 3, and 5 from 0, and in tens from any number, forward or backward (copied from Number and Place Value) | count from 0 in multiples of 4, 8, 50 and 100 (copied from Number and Place Value) | count in multiples of 6, 7, 9, 25 and 1000 (copied from Number and Place Value) | count forwards or backwards in steps of powers of 10 for any given number up to 1 000 000 (copied from Number and Place Value) | |
| | To make connections between arrays, number patterns and counting in 2's, 5's and 10's. Through grouping and sharing small quantities, pupils begin to understand: multiplication and division; doubling numbers and quantities and finding simple fractions of objects, numbers and quantities. | recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers and use them to solve simple problems, demonstrating an understanding of commutativity as necessary. To connect the 10 multiplication table to place value and the 5 multiplication table to the divisions on the clock face. | recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables To connect the 2, 4 and 8 multiplication tables through doubling. | recall multiplication and division facts for multiplication tables up to 12×12 To write statements about the equality of expressions. | | |
| MENTAL CALCULATION | | | | | | |
| | | | write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods (appears also in Written Methods) | use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together three numbers | multiply and divide numbers mentally drawing upon known facts | perform mental calculations, including with mixed operations and large numbers |

Number: Multiplication and Division

| | | show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot | | recognise and use factor pairs and commutativity in mental calculations (appears also in Properties of Numbers) | multiply and divide whole numbers and those involving decimals by 10, 100 and 1000 | <i>associate a fraction with division and calculate decimal fraction equivalents (e.g. 0.375) for a simple fraction (e.g. $\frac{3}{8}$) (copied from Fractions)</i> |
|---------------------|--------|---|--|---|--|---|
| WRITTEN CALCULATION | | | | | | |
| EYFS | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| | | calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (\times), division (\div) and equals (=) signs | write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods (appears also in Mental Methods) | multiply two-digit and three-digit numbers by a one-digit number using formal written layout | multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context | multiply multi-digit numbers up to 4 digits by a two-digit whole number using the formal written method of long multiplication divide numbers up to 4-digits by a two-digit whole number using the formal written method of short division where appropriate for the context divide numbers up to 4 digits by a two-digit whole number using the formal written method of long division, and interpret remainders as whole number remainders, fractions, or by rounding, as appropriate for the context <i>use written division methods in cases where the answer has up to two decimal places (copied from Fractions (including decimals))</i> |

Number: Multiplication and Division

| PROPERTIES OF NUMBERS: MULTIPLES, FACTORS, PRIMES, SQUARE AND CUBE NUMBERS | | | | | | |
|--|--------|--------|--------|--|--|--|
| EYFS | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| | | | | recognise and use factor pairs and commutativity in mental calculations (repeated) | <p>identify multiples and factors, including finding all factor pairs of a number, and common factors of two numbers.</p> <p>know and use the vocabulary of prime numbers, prime factors and composite (non-prime) numbers</p> <p>establish whether a number up to 100 is prime and recall prime numbers up to 19</p> <p>recognise and use square numbers and cube numbers, and the notation for squared (2) and cubed (3)</p> | <p>identify common factors, common multiples and prime numbers</p> <p><i>use common factors to simplify fractions; use common multiples to express fractions in the same denomination</i></p> <p><i>(copied from Fractions) calculate, estimate and compare volume of cubes and cuboids using standard units, including centimeters cubed (cm^3) and cubic metres (m^3), and extending to other units such as mm^3 and km^3 (copied from Measures)</i></p> |

Number: Multiplication and Division

| ORDER OF OPERATIONS | | | | | | |
|---|--------|--------|--|---|--------|--|
| EYFS | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| | | | | | | use their knowledge of the order of operations to carry out calculations involving the four operations |
| INVERSE OPERATIONS, ESTIMATING AND CHECKING ANSWERS | | | | | | |
| | | | <i>estimate the answer to a calculation and use inverse operations to check answers (copied from Addition and Subtraction)</i> | <i>estimate and use inverse operations to check answers to a calculation (copied from Addition and Subtraction)</i> | | use estimation to check answers to calculations and determine, in the context of a problem, levels of accuracy |

Number: Multiplication and Division

| PROBLEM SOLVING | | | | | | |
|-----------------|---|---|---|--|--|---|
| EYFS | Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| | solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher | solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts | solve problems, including missing number problems, involving multiplication and division, including positive integer scaling problems and correspondence problems in which n objects are connected to m objects | solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects | <p>solve problems involving multiplication and division including using their knowledge of factors and multiples, squares and cubes</p> <p>solve problems involving addition, subtraction, multiplication and division and a combination of these, including understanding the meaning of the equals sign</p> <p>solve problems involving multiplication and division, including scaling by simple fractions and problems involving simple rates</p> | <p>solve problems involving addition, subtraction, multiplication and division</p> <p><i>solve problems involving similar shapes where the scale factor is known or can be found (copied from Ratio and Proportion)</i></p> |
